

REMARKS

In order to address the informalities identified by the Examiner, amendments have been made in the description pages and the drawing sheets. Specifically, the drawing sheets have been amended to correct the Figure numbers and the description pages have been amended to reflect the correct Figure numbers referred to in the drawings.

Furthermore, the brief description of the drawing has also been amended to include a brief explanation for some of the Figures which were not specifically recited in the original description. These amendments are supported by the application as originally filed, and therefore no new matter has been added by the amendments. For example, support for the brief explanation of Figures 25b and 26c can be found on description page 44, lines 9-22; and support for the brief explanation of Figure 28b can be found on description page 45, lines 15-18.

In view of the foregoing amendments, Applicant respectfully submits that the informalities in the drawings and the corresponding description have duly been addressed. Accordingly, favourable consideration and allowance of the application is respectfully solicited.

Should the Examiner have any questions regarding the voluntary amendment made herein, it would be appreciated if the Examiner would contact the undersigned attorney-of-record at the telephone number shown below for further expediting the prosecution of the application.

Respectfully submitted,

Dowell & Dowell, P.C.
